Ward profile 2018
Westbrook

WARRINGTON
Borough Council

Population – Warrington

Estimated population: Ward population was estimated from ONS small area population statistics for Lower Super Output Areas for mid-2017. Wards range from approximately 6,150 residents in Westbrook to 12,650 in Poplars and Hulme.

Population structure: The age structure of the population affects a range of service needs. Some wards have a much older population than the Warrington average, and some a much younger population. Similar to national figures and the North West, in Warrington in 2017, **19% were aged 0-15, 63% aged 16-64, and 18% aged 65+**.

Looking at specific younger age groups, in Warrington approximately **6% of the population were aged 0-4**. By ward, the highest proportion of 0-4s can be found in Latchford East (8%), Poplars and Hulme (8%), Bewsey and Whitecross (8%) and Fairfield and Howley (8%).

In Warrington approximately **23% of the population were aged 0-19**. The ward estimates for this age group ranges from 18% (Latchford West) to 30% (Poplars and Hulme).

The proportion of those **aged 80 and older** in Warrington is approximately **5%.** Wards with a higher proportion of these oldest populations include Penketh and Cuerdley (8%), Culcheth, Glazebury and Croft (7%), Grappenhall (7%) and Appleton (7%).

Population projections show that Warrington's population is forecast to increase to 218,700 by 2026.

Households: Warrington has approximately 96,030 residential properties as at September 2018, with the largest numbers in Bewsey and Whitecross (6,625) and Fairfield and Howley (6,118) and the smallest numbers in Westbrook (2,657) and Burtonwood and Winwick (2,750).

WARRINGTON Borough Council
Deprivation

Index of Multiple Deprivation (IMD) 2015

The map shows the spread of deprivation across Warrington along with the new ward boundaries. The most deprived areas shaded brown and red, tend to be in inner Warrington, and the least deprived shaded green, in outer Warrington.

Lower Super Output Areas (LSOAs) are small geographical units. Deprivation is measured using the Index of Multiple Deprivation (IMD) 2015. For each LSOA, a deprivation score is calculated covering a broad range of issues: income, employment, health and disability, education and skills, housing and services, crime, and living environment. There are wide inequalities between people living in areas of high levels of deprivation and those living in areas of low deprivation; more deprived populations generally have poorer outcomes in terms of health, education etc.

All 127 LSOAs in Warrington are ordered by IMD score and have been split into six different categories.

In Warrington borough, approximately 19% of residents live in the 20% most deprived areas. Approximately 30% live in the least deprived.

Average deprivation score by ward (higher score = more deprived)

Free School Meals
The Department for Education considers the gap between children who are known to be eligible for Free School Meals (FSM), and other children. Eligibility for FSM is based on being in receipt of certain means-tested benefits.

In Warrington
According to the January 2018 School Census, the average proportion of pupils eligible for FSM is **11.1%.** Thirteen out of Warrington's 22 wards fall below the average. These are Grappenhall, Lymm North and Thelwall, Westbrook, Great Sankey North and Whittle Hall, Stockton Heath, Penketh and Cuerdley, Appleton, Lymm South, Chapelford and Old Hall, Rixton and Woolston, Poulton South Culcheth, Glazebury and Croft and Burtonwood and Winwick. Great Sankey South is around the average figure. Eight wards are above this average. These are Poulton North, Latchford West, Birchwood, Fairfield and Howley, Orford, Bewsey and Whitecross, Latchford East and Poplars and Hulme.

In Westbrook

According to the January 2018 School Census, the average proportion of pupils eligible for FSM in Westbrook is **3.0%** (Warrington: 11.1%). Westbrook is 1 of 13 wards that are below the average.

In Warrington

Across Warrington, Polish and Urdu are the main languages spoken as a first language other than English. Chinese, Kurdish, Latvian, Hungarian and Romanian also featured with 80 or more pupils having these as a first language other than English. In Bewsey and Whitecross, a quarter of all pupils do not have English as their first language.
In Westbrook

In Westbrook, 7.0% of pupils do not have English as their first language. (Warrington: 7.9%).

WARRINGTON Borough Council

Education (Early Years aged 4/5) – Early Years Foundation Stage

Early Years Foundation Stage Profile (EYFSP)

EYFSP is used to assess a child's overall development by the age of 4/5. As well as literacy and maths, teacher assessments cover a range of elements including personal, social and emotional development, communication skills and physical development. In 2013 there were significant changes to the curriculum in the Early Years Foundation Stage; as a result the data has taken a few years to be considered robust. In 2018, performance for Warrington is above North West, Statistical Neighbour and England average.

EYFSP - % achieving a good level of development (Published data)

EYFSP - % achieving a good level of development 2018

In Warrington

The overall measure used is % **achieving a Good Level of Development** with the proportion for Warrington being **72.8%**.

The wards performing best and above average are Stockton Heath, Chapelford and Old Hall, Penketh and Cuerdley, Grappenhall, Appleton, Lymm South, Lymm North and Thelwall, Westbrook, Poulton North, Rixton and Woolston, Poulton South, Burtonwood and Winwick, Great Sankey South and Great Sankey North and Whittle Hall. Orford, Bewsey and Whitecross, Latchford East and Poplars and Hulme are the lowest performing wards in terms of % achieving a Good Level of Development.

In Westbrook

The percentage achieving a Good Level of Development with the proportion for Westbrook is **77.8%** (Warrington: 72.8%). Westbrook is above the Warrington average.

WARRINGTON Borough Council

Education (end of primary school aged 10/11) – Key Stage 2 reading, writing, maths

In 2016, there were also significant changes to how performance is measured at the end of Year 6. There was a new curriculum as well as a much higher test and teacher assessment standard than the previous Level 4. Because of these changes comparing data with previous years is problematic. However, based on the first statistical release from the Department for Education, Warrington is ranked 15th (of 152) in the country and 2nd in the North West for Reading, Writing and Maths (RWM) combined. Warrington is above the North West average, our Statistical Neighbour average and the England average in all subjects.
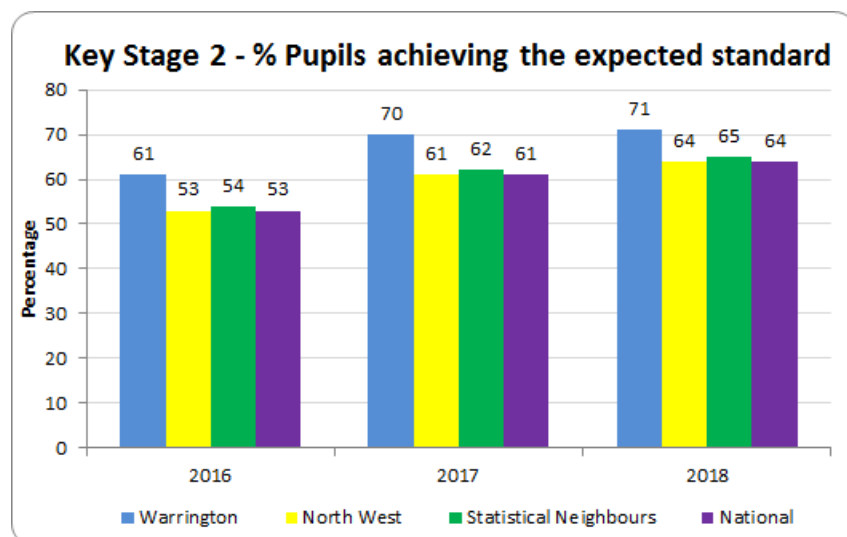

In Warrington

In Warrington overall, **71%** of pupils are **achieving the expected standard in RWM** at Key Stage 2.

Lymm South, Stockton Heath, Appleton, Great Sankey North and Whittle Hall, Grappenhall, Westbrook, Poulton South, Poulton North, Culcheth, Glazebury and Croft, Lymm North and Thelwall, Penketh and Cuerdley, Rixton and Woolston and Chapelford and Old Hall all perform above average. Birchwood, Orford and Fairfield and Howley all fall well below the average with Birchwood performing worst (55.3%).
In Westbrook

In Westbrook, **77.8%** of pupils (Warrington: 71%) are achieving the expected standard in RWM at Key Stage 2. Westbrook performs above the Warrington average.

Education (end of secondary school aged 15/16) – Key Stage 4: Progress 8

In 2013-14 there were major reforms to Key Stage 4 which affected how results were calculated. Schools and local authorities are now judged on how much progress students have made since the end of primary school. Progress 8 measures the achievement of a pupil across 8 qualifications and compares this to what their estimated achievement is based on their prior attainment. It is a type of value added measure.

For all mainstream pupils nationally in 2018 the average progress score is -0.02; a positive score means pupils in the schools on average do better at KS4 than those with similar prior attainment nationally. (A score of 0.25 for example would mean that on average pupils in the school achieved a quarter of a grade more than other pupils nationally with similar starting points).

In Warrington

In Warrington in 2018, the Progress 8 score is -0.14, the North West figure is -0.17.

Warrington is ranked 10th in the North West.

Wards with positive scores were: Appleton, Culcheth, Glazebury and Croft, Grappenhall, Great Sankey North and Whittle Hall, Lymm North and Thelwall, Lymm South, Penketh and Cuerdley, Poulton South and Rixton and Woolston. Bewsey and Whitecross, Latchford East, Poplars and Hulme and Latchford West all had the largest negative scores.

In Westbrook

Westbrook has a negative score of **-0.16** and is below the Warrington average.

Progress 8, 2018
Warrington = -0.14

Education (end of secondary school aged 15/16) – Key Stage 4: Attainment 8

Attainment 8 measures the achievement of a pupil across 8 qualifications. It includes Mathematics and English (both double weighted), 3 qualifications that count within the English Baccalaureate (EBacc) measure and a further 3 qualifications that can be GCSE qualifications (including EBacc subjects) or any other non-GCSE qualifications on the DfE approved list. Each individual grade a pupil achieves is assigned a point score, which is then used to calculate a pupil's total Attainment 8 score.

In Warrington

In Warrington in 2018, the Attainment 8 score is 47.0, the North West figure is 45.5, Warrington is ranked 5th in the North West. The England average is 46.4, Warrington is higher than both the North West and England averages

Twelve Wards are above the Warrington average. These being Penketh and Cuerdley, Burtonwood and Winwick, Chapelford and Old Hall, Culcheth, Glazebury and Croft, Poulton South, Rixton and Woolston, Great Sankey North and Whittle Hall, Stockton Heath, Appleton, Lymm North and Thelwall, Grappenhall and Lymm South. The Wards with the lowest averages are Orford, Bewsey and Whitecross and Latchford East.

In Westbrook

Westbrook has an Attainment 8 score of **46.9** and is below the Warrington average.

Attainment 8, 2018
Health – life expectancy and mortality rate

Life expectancy is an internationally accepted measure of the overall health of a population. It provides an estimate of the average number of years a new-born baby would live for if s/he experienced the age-specific mortality rates of a particular area throughout his or her life. Life expectancy at birth measures broadly the same thing as all age, all-cause mortality rates, but is often considered a more intuitive and easier to understand indicator.

Life Expectancy (2012 - 2016)

■ Male Life Expectancy at Birth   ■ Female Life Expectancy at Birth

Source: Office for National Statistics (ONS)

	Westbrook	Warrington
Male Life Expectancy at Birth	77.9	78.8
Female Life Expectancy at Birth	79.1	81.8

■ Male Life Expectancy at Birth   ■ Female Life Expectancy at Birth

Warrington Average = 1086.1

Source: NHS Digital
In Westbrook

Residents of Westbrook have a lower life expectancy when compared to the Warrington average.

- Male life expectancy (77.9 years) is lower than the Warrington average (78.8 years)
- Female life expectancy (79.1 years) is lower than the Warrington figure (81.8 years).
- All-age all-cause mortality is significantly higher than the Warrington average.

Life expectancy is consistently lower in men than women, locally and nationally.

Social Care – Children in Need

Children in Need covers children and young people receiving a social care service. This includes those placed on a child protection plan or those looked after by the local authority as a child in care. Children receiving a service under Section 17 are also included to make up a total of approximately 1250 children and young people at November 2018. Numbers were mapped by matching the young person's postcode to each ward. They were then converted to a rate based on the number of 0 -17 year olds in each ward. The average rate of Children in Need in Warrington was 279.5 per 10,000 population aged 0-17. The highest rates above the Warrington average were in Bewsey and Whitecross, Poplars and Hulme, Latchford East and Orford. The lowest rates were in Penketh and Cuerdley, Lymm North and Thelwall, Appleton and Grappenhall.
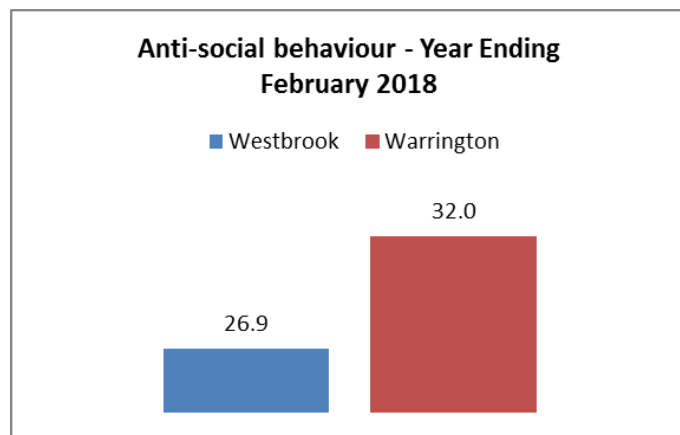

*As numbers in many wards are small and may be subject to large fluctuations from month to month, figures presented here should be treated with caution.
*Figures will differ slightly from published data as rates were calculated using a recent mid-year population estimate (2017).
