

## Our strategy for a Strong and Resilient Warrington focuses on six strategic outcomes:

Outcomes	Priorities
<p>A strong economy which maximise opportunities for everyone</p>	<ul style="list-style-type: none"> <li>• Continue to attract new investment into key regeneration and infrastructure initiatives</li> <li>• Provide, through skills, training and jobs growth, employment opportunities for those who struggle to get into and stay in work</li> <li>• Consider the impact on health and wellbeing in all our regeneration and development plans</li> </ul>
<p>Affordable homes in places where people want to live</p> <p>People able to live at home, with improved independence, health and quality of life</p> <p>End homelessness in Warrington through a focus on prevention and strong integrated partnership working</p>	<ul style="list-style-type: none"> <li>• Increase the number of affordable homes;</li> <li>• Ensure the provision of new homes in places where people want to live</li> <li>• through the provision of advice, information and preventative services, ensure no one is homeless in Warrington</li> <li>• Help people live at home, improve their independence, health and quality of life</li> </ul>
<p>Thriving communities which are connected and safe</p>	<ul style="list-style-type: none"> <li>• Improve community engagement and volunteering</li> <li>• Enable our citizens to make a productive contribution to society</li> <li>• Support the development and growth of the third sector</li> <li>• Increase participation in cultural, sporting and recreational activities</li> <li>• Reduce social isolation</li> <li>• Increase and improve community engagement and involvement in decision making</li> <li>• Ensure the most vulnerable are safer and feel safer.</li> <li>• Reduce the risks faced by potential victims of crime by early identification and prevention.</li> </ul>
<p>A sustainable transport infrastructure that enables access to work, health and leisure facilities for all</p>	<ul style="list-style-type: none"> <li>• Increase numbers of people using sustainable travel (public transport, cycling, walking)</li> <li>• Improve air quality</li> <li>• Develop highways infrastructure so that congestion is reduced and it is fit for future growth and regeneration</li> </ul>
