Attachments: CH136701.pdf; James Ditchfield land.pdf

Dear Mr Ditchfield

Further to our recent telephone conversation I attach a copy of your title together with a plan of the areas where the Council would like to undertake the improvements marked approximately in red.

The Council would look to keep any land take to the landscaped/boundary strips only so as not to affect any operational land.

The Council would also be willing to only adopt the land concerned thereby taking over responsibility for maintenance and upkeep but leaving the ownership with yourself.

I would be grateful for your further thoughts once you have considered the attached.

Regards
