I wish to object to certain aspects of the local plan for the following reasons

1. building nearly 20000 houses is an irresponsible number it will destroy the green belt and overburden the infrastructure which is complex given the ship canal
2. by building on green belt it will disincentives companies from building on brownfield sites
3. shortage of facilities south of the canal
4. planning applications so far have demonstrated the builders have no respect for maintaining green spaces in developments
5. Appleton and grappenhall will loose their characters
