Subject: The Local Plan

I would like to make known my objection to the following. The Local Plan

LPT4

Stobarts

SIX56

My issues being unjustified economic growth based on old data and ambitious assumptions.

Overwhelming house build schemes. 18,900 houses planned across Warrington by 2037.

Overwhelming commercial premises situated on approximately 365 hectares of pristine land, some of it precious green belt.

Unrelenting additional traffic 2,000 HGVs per hour from Langtree SIX/56 commercial warehousing site.

Pollution - air quality and noise. Warrington already has the worst record in the country for dangerous small 2.5-micron particulate emissions.

Violation of green belt land, no special circumstances to release green belt for new build premises.

Poor transport strategy lacking essential detail - lots of road infrastructure is unplanned or only aspirational and will be grossly underfunded.

Therefore I believe that the whole plan LP-PSV and LTP4 are unsound and undeliverable
