Subject: Six/56 - OBJECTION
Date: 17 June 2019 16:43:41

I would like to state my objection to the proposed Six/56 development.

I have many reasons why:-

- air quality (no conclusive tests done)
- traffic pollution
- traffic management (bridges over canal cause build up of traffic at present, would become unbearable with lots more)
- loss of greenbelt for future generations & present generations
- increase in crime rates (per e.g Chapelford Village, Great Sankey)
- I don't believe there are no other options of industrial/waste land that could be used instead of new greenbelt

100% against.

Jill Calvert
