I would like to give my objection to the local plan for the following reasons .

- 1, This plan is not in line with local needs. There has been consideration to schools , health services and public transport and how much the increase of the population in Warrington will impact on the already congested roads around the town and the surrounding areas.
- 2, the proposal to build on green belt is unjustified when brown field sites are available.
- 3.you have failed to justify how you will develop the town centre and again what infrastructure will be put in place .
