We very much object to the Warrington Local Plan. The idea of encroaching on more and more of the Green Belt is totally at variance with the aims and wishes of Cop26 last week.

It is a lazy plan with Warrington becoming an urban sprawl at a time when it wishes to be regarded as a City. The plan does nothing to address the problems of traffic congestion or air pollution. We should aim to produce a plan that allows us to leave a better Warrington for our children and grand children. We could start with investing in the Town Centre using Altrincham as an example. There are many areas inside the town that could be reorganised to produce more attractive and affordable housing.

Yours Derelyn and Vincent Love
