Subject: Green Belt OBJECTION
Date: 07 November 2021 22:00:53

Green Belt is a strong planning policy. To build on Green Belt land very special circumstances are needed to be provided by the applicant.

Green Belts have five Purposes These are ---

- 1) To prevent Built up urban areas from sprawling out into other land which is not built up.
- 2) To prevent towns and villages from merging into one.another.
- 3) to prevent built up development encroaching into the Countryside.
- 4) protecting the setting and historic character of a town or village.
- 5) Directing new built up development to areas of land in need of regeneration.

The DRAFT WARRINGTON LOCAL PLAN proposes to break all these purposes. No very special circumstances have been provided.

The new Local Plan is not sound.

Sincerely
Ann Jones
