We are residents of Lymm and have lived here for 44 years and are extremely concerned about the proposed loss of green belt under the Plan, even the revised Plan.

We note the opinions which have been published by the South Warrington Parish Councils Local Plan Working Group and are broadly supportive of those opinions. In particular we do not feel that there is proper justification for the proposals or sufficient protection for green belt in the future. In addition we are concerned about the impact of these plans (and others that have been mooted from time to time in the Lymm area) on the local infrastructure, both amenities and transport.

In summary, we do not believe the proposals are right for Warrington as a whole and are bad for the parts of the Borough to the south of the Ship Canal.

Yours

Michael & Diana Matthews
