Dear Sirs:

I wish to register my objection to the Council's Plan to redevelop areas of South Warrington in order to greatly increase the amount of housing. The current Plan will require demolition of Green Belt land which has high landscape value. Such areas are appreciated by everyone who enjoys visiting such open spaces, including those who do not live locally but make the effort to travel across town in their leisure hours to enjoy walking among the woodlands and open fields.

I appreciate the pressure imposed by Government upon the Council but believe there must be alternatives to sacrificing so much delightful countryside as exists in South Warrington. It is a priceless amenity which is in danger of being destroyed for ever.

Mike Owen, [REDACTED]
