Subject: Objection Thelwall heys

To whom it may concern

I would like to lodge my objections to the development of Thelwall heys grappenhall.

I have concerns over the impact of added traffic to an already congested area with not any added motorway access.

I have concerns to the impact on the wild life and natural trees and habitat.

I have concerns for the pressures on local schools, doctors and structures not in place to cope.

I have concerns for the small amount of green belt still left in Warrington.

I would like to object to Thelwall heys being included in the local plan.

Regards

Neil Finegan
