Dear Sirs

I am against the local plan for south Warrington as it stands at present because:

Can't afford to loose more Green belt land

Roads already congested through Stockton Heath all day -all these extra homes/cars will make the congestion and traffic pollution worse.

Other routes are also busy enough already with stationary cars increasing pollution

Schools are already crowded

No facilities such as medical centre, shops are planned

Not enough public transport links

Need more green spaces to help combat global warming, not less

Nature is already suffering with loss of habitat, more destruction will make this worse

Yours

Janet Stott
