Dear Sirs,

I've been requested as Ward Council for Appleton to forward these objections to local plan to you.

Please find attached a photograph of five objections to the local plan written by residents of Appleton, addresses are provided. Could you please confirm that these objection are recorded as five separate objections referencing the same concerns.

	I am signing this document to express my objection to the proposed building of house in the Appleton, Grappenhall areas of Warrington.	
	<b>REASONS.</b>  The roads will not be sufficient especially at Lumb Brood bridge, London Road and Stretton at the Cat and Lion pub and when the builders have been paid and move on we will be let with an expensive and polluting mess to deal with and live with.	
	We do not feel that our voices are never heard and that we as older residents are dismissed. The building at Broomfields) once the care home on Bridge Lane has demonstrated this very clearly as we object to being over looked and have problems with builders their vehicles and issues of utilities being disrupted and nothing is done about it.	
	We have little faith in Warrington Borough Council, and their practises which includes them not having the town's accounts audited in several years. Why is this?	
	NAME. ADDRESS 1. NORMAN GAUNON	
	2. Julie Spencer	
	3. Cover Sperce	
	2. Julie Spence 3. Coven Spence 4 Tris Gannon	
	5	

Best regards,

Councillor Ken Critchley.
