To whom it may concern

I believe the plan is unsound for the following reasons

There is no justification for predicted growth

No need for the volume of housing and mass of employment land

No justification for the scale of green belt release

No need for the harm to air quality and local ecology

No need to destroy the landscape and character of our villages

No clarity on the means of delivery

No explanation of how the already poor transport infrastructure of south Warrington can cope with increased levels of traffic
