Subject: Objections to South east extension plan
Date: 13 November 2021 12:04:20

My name is Greg Mckague , I live at [REDACTED]
[REDACTED] and I would like to raise my objections to the proposed south east extension plan.

The impact on traffic, increased pollution levels and the further strain placed on local facilities such as doctors surgeries and schools etc if this plan goes ahead will be utterly catastrophic.

This application must be rejected.

Regards
Greg Mckague
