To all concerned...

I strongly opposed the proposed housing development at Thelwall Heys. My objections are listed below.

- 1 .. Impact on the loss of acres of Green Belt and prime agricultural land.
- 2 ... The impact on the environment and wild life, caused by major disturbances to habitats and green space
- 3... Inadequate infrastructure in the form of roads, schools and medical facilities.
- 4... Increased traffic numbers will cause considerable disruption to the area as well as a vast increase in pollution.

Yours Sincerely
Christina Jarman
