Subject: Local consultation plan 2021 Grappenhall, Thelwall, Appleton
Date: 14 November 2021 14:09:37

I register my objection to the plan for building over much of the green belt in the area

Firstly the green belt has amenity and landscape value. It is valuable farmland and should not be built on. The wildlife needs protecting.

Also the roads are very busy at certain times already. There is no infrastructure in place to accommodate more housing, drs, schooling and shops.

There is much brown belt land in the Warrington surrounding areas that should be utilised first

Signed
Geoffrey Hulme
