---

Dear sirs

I wish to register my strong OBJECTION to the local plan.

- 1) We don't need that many houses as it's based on old housing numbers.
- 2) ALL new homes should be built on brownfield sites instead.
- 3) Warrington town centre is truly horrible and empty, building should be focused here to regenerate the centre of our town.
- 4) there is not enough infrastructure to support the planned development.
- 5) Six/56 is a catastrophe and will not bring many good local jobs
- 6) green belt should be totally sacrosanct and not touched for development. It's irreplaceable and protects our already shockingly poor air quality.

Please register my strong Objection

Lidia Bromley

Yours sincerely

Lidia Bromley

PLEASE SAVE OUR GREENBELT
