Subject: Objection to the south east urban extension
Date: 14 November 2021 20:42:39

I am writing to heavily object against the proposed plans for building the south east urban extension.

- There's other parts of town that you can build on, that aren't green belt.
- The air quality will get even worse.
- the greenbelt land will be gone forever
- lack of infrastructure

And I would like to aslo add:

- you should be proud of the greenbelt land, not destroying it.
- you have upset a lot of people by proposing this.
- you want to replace our beautiful fields with hideous housing estates.
- you will ruin the view from my parents house.
- I love to walk around these parts and you will take that away from me forever.
- whoever has made this decision to put these houses here has obviously never lived in the local area, or even gotten to know anyone that lives there. They have made a clueless, heartless decision.

Regards
