Subject: Fwd: Objection to the Local Plan

Mrs J Dennison

15th November 2021

I object to the Local Plan for the following reasons:

I do not believe there is any justification or special case to use Green Belt land
There are sufficient brown field sites across the Warrington Area to make the proposed local plan unnecessary
There has been no road infrastructure detailed to support the plan
I don't believe the council has properly considered the increase in traffic will have on an already busy road network in south Warrington
My understanding is that you are proposing to build more houses than the government calculate are necessary and that is unjustified.

I urge the council to reconsider these outrageous plans.

Regards

J Dennison
