Subject: Objection to the local plan.

Hi,

I would like to share my objections on the current proposed local plan for the Warrington Area.
I believe there is numerous issues with the plan, including:

- lack of information regarding the vast increase in drivers on the road and how the council plans to manage this.
- the lack of information regarding the impact on pollution around the effected areas and how the use of green belt land is no in line with the current global promise of combating climate change.
- the plan fails to investigate the economic impact on the centre of Warrington. Will congestion likely to increase a simple trip to Warrington will not be worth the facilities they have.

Many Thanks,

Ella
