To whom it may concern

I think it's a disgusting that you are wanting to build all those house in lovely little part of Warrington. It is know for its beautiful sights, walks , wildlife , [REDACTED] where I live there are only afew houses here , and that's how we like it , that's why we bought our houses in that location . Not to be surrounded by lots of new builds, we bought it for the quite and peaceful countryside .

I have recently had a nightmare with planning permission to get things done on my house and all because were in green belt land, yet you can go ahead and build what ever you like , in what ever design you like . I think this is totally outrageous!

Why is it one rule for us and one rule for the council!!!!

The prime Minister said a week or two ago to build on brown land before you build on green land and this is exactly the opposite of what you're doing !

The roads are already bad , we live not far away from Stockton Heath but when getting a full weeks shop I can't carry it all home so have to drive , this can take along time in the car because of traffic and then it's just as hard to find a parking space and you want to build all those new house of which most people will have 2 cars. It's a joke .

You're going to ruin what a lovely little place Appleton thorn is , and [REDACTED] for you're own be if it and your own gain.

Why don't you build affordable houses for 1st time buyers on a minimum wage instead of all these houses here that will no doubt cost a fortune !

Kind regards  
Amanda deakin
