To whom it may concern,

Please reconsider all the planning for our green belt land, we don't have much and our schools are overflowing and traffic is already a nightmare in south Warrington, with the amount of housing you are possibly going to approve it will devalue the area as no one wants to live in an area with no green belt land and full of fumes. The doctors surgeries are too full you can't get an appointment and there simply isn't enough space for more cars and people, we don't even have a petrol station on this side of the water so it's all madness allowing to go ahead.
