To whom it may concern.

I am writing regarding the plans for the South East Extension. I feel my words will not have any impact but I feel strongly about all the green belt land being used to build on. Its green belt for a reason and why people should need and be able to plan to rip down trees and build upon is beyond me. The world is falling apart around us as we mess with the eco system and destroy our planet. There is no need for this build apart from greed. Leave our country as country.... GREEN BELT.

Yours hopeful.
