Subject: Objection to local plan

Hi

I wish to object to this local plan because:

- I object to you building on greenbelt land when there is brown field sites available to build on.
- 6/56 development plan will remove a huge area of greenbelt, will increase traffic severely when the area is already gridlocked regularly.
- I object to the pollution levels which will increase with all the new traffic, as it is high all ready.
- The infrastructure is presently not working and will become severely impacted, the whole town becomes gridlocked regularly.
- I object to you cutting down trees which provide oxygen and I object to you killing nature and animals unnecessarily.
- I object to Warrington becoming a city.

There is no mention of increasing medical services or schools yet you want to builds thousands of houses.

Kind Regards
Julie Wernham
