Subject: Local Plan PSV-2

Dear sir,

I object to the latest draft of the local Plan.

The proposal of over 4,000 homes will destroy the countryside.

There is no plan sufficient to cover the necessary infrastructure.

Pollution levels are already too high in South Warrington. Particularly in Appleton Thorn, where I live.

I see no 'exceptional circumstances' to build on Green Belt. Building should continue to take place on brown belt land.

Appleton Thorn will lose its identity as an historic village.

Through traffic is already heavy and VERY fast.

I look forward to your response.

Carole McNab
