Subject: Local plan - Thelwall Heys

To whom it may concern,

I am writing to oppose the inclusion in the plan for development on Thelwall Heys. This would lead to a loss of high grade agricultural land & the wildlife, some of it rare birds, that inhabits it. It would significantly & irreversibly change the character of the area including the outlook from the canal path. Our rapidly shrinking green spaces must be valued. They provide essential peace & quiet for people, a home for wildlife & mitigation of the effects of climate breakdown especially increased risk of heavy rainfall & flooding. It would also lead to increased traffic locally, the roads are already stretched to capacity during peak times

Yours sincerely
Elsie & Lisa Ridley
