GB1 Warrington's Green Belt

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I am once again appalled that Warrington Borough council are seeking to justify the destruction of the green belt for housing. This was a principle issue for myself and many residents in Warrington and through this consultation that view has been ignored. Please note that you arguing this plan has less destruction of green belt by size is not a concession or acknowledgement of this view put forward. This was about any destruction of green belt and this plan still proposes the destruction of vast hectares of green belt. I don't believe therefore there has been effective and appropriate legal consultation with local residents and their views have been ignored about the use of any green belt land for planning. It appears the plan is attempting to justify the use of green belt instead of alternatives with further brown field or town centre regeneration or challenging the rate of growth especially given the prevailing economic conditions after COVID and Brexit.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Genuine consultation where the views sought through the previous plans consultation and this consultation are listened to and action taken to address them. To achieve this the removal of the use of Green Belt is required, it is appalling in this day that planners and the council seek the destruction of green belt to achieve housing targets and have not thought about residents views or alternatives in the plan and protected Green Belt from destruction.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
