PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

MD2 South East Warrington Urban Extension

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plan makes no reference to the additional traffic / strain this will put on the Victorian bridges, not to mention the additional traffic through Stockton Heath. The plan makes no reference to early or in fact any relocation of any of the existing wildlife and the impact it could have on their habitats and numbers. The plan makes no reference to parking for the new homes being constructed, on the basis that each home these days has on average two / three vehicles. Is off-street or additional parking being offered? Finally the plan makes reference to indicative social hubs, community areas etc. are these absolutely guaranteed along with the houses or just proposals that will most likely be forgotten after construction?

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Must have a strategy for re-homing and minimising impact on the local wildlife, must have a strategy that details either planned works to the Victorian bridges or reducing traffic. Introducing cycle paths and routes to the motorway will not reduce the traffic through Stockton Heath. Ensuring vehicle parking for at least two vehicles per household.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
