Yes, I wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

I feel it necessary for as many people as possible from the horse riding community to participate in this examination because too few councils or developers take horse riders into consideration.

There are at least 150 equines within 1 mile radius of the power station site. There are no official bridleways or off road riding routes to satisfy their exercise needs. Horse riders are the forgotten vulnerable road users. And these proposals for this developed site are the only way the horse riders can at least have a say and put their needs and for mental health issues forward.
