PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The use of greenbelt land despite its reduction from the previous plan is unnecessary and will cause significant reduction in the quality of life for local residents. The additional traffic and lack of additional resources such as doctors and school places will place additional strain on already strained resources. Any development that replaces green areas with housing reduces the ability to control the water table and further increases the air pollution within an area already suffering with poor air quality. It is universally agreed that the environment is of the utmost importance and covering green areas with man made and pollutant concrete does nothing to improve the environment.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

The release of greenbelt is supposed to be a "last resort" where no other options exist. The council have failed to explore all brown field sites and have failed to prove the requirement to release greenbelt.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
