## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

MD3 Fiddlers Ferry

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
<b>Legally Compliant</b>	X	
<b>Sound</b>		X
<b>Compliant with the Duty to Co-operate</b>	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

There are two points of concern:

- 1- The land facing Cuerdley Village currently has an agricultural use. Under the plan (please see attachment) those fields are marked white and therefore undesignated. I believe that if it were incorporated into the employment land, it would be a detriment to the local community and dissolve the 'illusion of greenbelt'.
- 2- Since the tolling of the Mersey Gateway, there has been a marked increase in traffic through the village of Cuerdley. Though I appreciate the benefits the plan brings to the town, I am concerned about the impact it will have on air quality for the residents and the safety of cyclists and pedestrians using Widnes Road.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

With regards to point 1, make clearer the use of undesignated land. I hope this small corner of the site remains undisturbed or better yet, given greenbelt protection.  
With regards to point 2, I'd like to see measures for air quality and road safety on Widnes Road to be incorporated in some way.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
