	Yes	No
Legally Compliant		X
Sound		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

Greenbelt land should be a last resort when all other avenues have been exhausted. There are ample Brownfield sites across the Warrington borough that require regeneration.
Lymm is already over populated, with small narrow roads, it does not need additional pollution from the additional traffic (on top of the M6).
Lymm has few doctors/schools and not enough to cope with any further demand.
Consider the environmental impact not just from when building will be completed due to loss of Greenbelt land, wildlife etc what about the impact from the development process - manufacturing the bricks, plastics etc for example to build the houses will add to global CO2 when we are supposed to be reducing our carbon footprint.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

1. Regenerate existing Brownfield sites and reuse materials where possible to cut down on manufacturing/transportation of materials which all adds to global CO2.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
