## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
<b>Legally Compliant</b>		X
<b>Sound</b>		X
<b>Compliant with the Duty to Co-operate</b>		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plan does not meet the needs of the area: heavier traffic on already busy roads and canal crossings; no school provision; air pollution as traffic already stands still at the canal crossings and will increase; no adequate leisure centres, parks and green spaces or provision for teenagers such as the older children's equipment once promised for Alexandra Park; no increase of medical centres when our existing ones are crumbling under the strain of growing numbers of people requiring appointments or phone calls with doctors; no improvement to public transport which is key to decreasing air pollution and traffic congestion (you can't even get a double pushchair on some of the buses); destroying green areas/green belt when there is plenty of brown land that should be used first. It's a disgrace and will put the local area and facilities under greater stress.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate.

Please be as precise as possible.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Road improvements.  
Improvements to canal crossings.  
More schools.  
More information and a plan to improve air quality.  
Adequate leisure facilities to cater for those already living in the area and those who may move into the proposed developments.  
Protection of green spaces and green belt land.  
Better provision for the children and teens in the area and those who move into the new developments.  
More medical centres to cater for more people and an increasingly aged population.  
Better and more environmentally friendly public transport.  
Brown land should be built on before any green spaces or green belt land is touched.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
