## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
<b>Legally Compliant</b>		X
<b>Sound</b>		X
<b>Compliant with the Duty to Co-operate</b>		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plan includes reduction of green belt in Warrington by 5%. Almost all land targewts is in the "Urban Extension" in this area. None of the loss of Green Belt is properly justified. The Green Belt boundary was put in place 7 years ago, supposed to be good for 20 years.

There is no justification for predicted growth. There is no need for the volume of housing and mass of employment land. No justification for the scale of Green Belt release. Ecological impact has not been properly assessed, eg harm to air quality and local ecology. There is lack of clarity on the means of delivery. Very significantly, there is no explanation of how the already poor transport infrastructure in South Warrington could cope with increased levels of traffic.

Although there have been some changes since the proposal in 2019, there is no evidence that there is more emphasis on the Town Centre and taking strategic advantage of Warrington's rail links, for example. The Plan increases the town's reliance on road transport, there is still noc lear plan to improve local roads and no guarantee that infrastructure will be in place before houses are built.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

The new plan does not include any change in approach or thinking. The focus seems to be on using Green Belt as a first resort to solve problems, rather than placing mrre emphasis on the Town Centre.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
