INF1 Sustainable Travel and Transport

2. What does your comment relate to? Please select one option.

Both of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I concur with the position of the South Warrington Parish Council's Local Plan Working Group in opposition to the whole Local Plan 2021, in particular, their concerns regarding Infrastructure and related Congestion and Air Quality. The Local Plan does not indicate how the Local Transport Plan forms any part of the whole proposal. There is nothing as regards mass public transport systems, new roads or bridges. There is a great danger that the developers will gain approval to build the 4200 + houses as per the existing , overloaded, infrastructure.

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate.

Please be as precise as possible.

It seems to comply on both counts.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Incorporate the Transport Plan within the Local Plan. Accepting the point that the Government has not funded W.B.C. , or any other local authority, to conduct detailed research or studies into Transport Planing for the 21st century, or where development funding is derived. It should be included, so the developers have to present planning applications , in accordance, with the Transport Plan as well.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
