PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

GB1 Warrington's Green Belt

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

1. Annexation of the green belt is not in line with Government guidelines so not legal.
2. The green belt is very important and the destruction of the green belt in the Lymm proposals in particular destroys areas close to the main arterial motorway network. This land in particular needs the environmental and ecological benefits of green belt land.
3. The proposed areas in Lymm and Thelwall are liable to flooding, in particular when the locks are closed upstream on the Manchester Ship canal to protect Warrington as in December 2015.
4. Lymm has an individual identity which would be destroyed by further development. Large expansion has already occurred and the infrastructure is already straining to support the inflated population.
5. Brownfield development should be considered to protect the agreed green belt network, energise Warrington and build up the town community.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

- 1 Review the brown site opportunities in Warrington, re-invigorate Warrington to act as the commercial centre to the area.
- 2 Extending the urban sprawl would just destroy green belt areas and boundaries and not improve Warrington itself.
3. Comply with the Government instructions to protect established green belt corridors and regional enhancement.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
