	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plans lack details and there is no opportunity to consult with planners. The development will produce an increased level of surface water. With regular flooding on Stockton Lane currently this will increase the amount of flooding and disruption caused. Access will be predominantly over a single track canal bridge and under another single track bridge. As such this does not provide adequate access for an already over burdened road infrastructure. Stockton lane does not support the anticipated level of road traffic given the large current use by cyclists and walkers. Latest government guidelines state the development of brownfield sites which is not the case in this instance.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
