PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The plan involves building on greenbelt. This is bad for the environment, making the climate emergency worse. It reduces farmland needed for local food production, further harming the environment and it is bad for UK farming. The COVID lockdown also showed the value of green spaces for mental health.

More houses and other buildings will add more cars and lorries to our already congested roads. This will add more pollution, further damaging the environment. Extra houses will also pile more pressure on local schools and our already overloaded GPs, at a time when access to GPs is a national problem. Any building that has to be done must be on brownfield sites.

Please don't put big business profits and the easy option of taking greenfield sites ahead of the environment, farmland, people's lives and mental health.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Don't build so many new homes in Warrington.

Don't build on any more Greenfield sites. Only use brownfield sites. Preferably convert existing unused building to new use (like flats). City centres are changing. Rather than have closed up shops, we could have nice new flats in the town centre, as well as on the Fiddler's ferry site.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
