Objective 2

2. What does your comment relate to? Please select one option.

A specific policy sub-number (s)

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I do not believe the plan is legally compliant as:

1. The plan does not clearly show how the infrastructure will meet the demands of the 100's of new residents proposed
2. 'Warrington's Green Belt fulfils an important role in ensuring the separation of Warrington from neighbouring towns and cities and preventing urban sprawl extending into the countryside.' And green belt should only be built on in 'exceptional circumstances' of which this is not one- building so close to stockton Heath and surrounding areas will ruin the village due to over capacity in schools/ hospitals making it a less desirable place to live. Also, not halting this urban sprawl will leave the same proposal in the 10 years post this plan- I think it would be responsible for the council to show the percentage of green belt that has been built on in the preceding 10/20 years to show their is not a trend- which there will undoubtedly be.
3. It forgoes the councils duty of care to put plans in place to enable such growth without enabling the supporting infrastructure
4. Parking will be an issue throughout the villages that surround Warrington

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

No green belt land between Stockton lane and grappenhall should be built on due to its proximity to Stockton Heath village and the lack of land area to enable the supporting road structures, schools and doctor's surgery's to be built. There is already significant development within the grappenhall Hayes area which isn't being supported with the necessary shops/ school extensions

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
