PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

MD2 South East Warrington Urban Extension

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The SE Urban Extension of 4,200 new build houses will create at least the same number of additional vehicles, this will have a devastating effect on our already overloaded old road network that crosses the ship canal. It only takes 1 of the 3 Victorian swing bridges to fail in the open position and the whole town will become grid locked.

The town is surrounded on 3 sides by motorways and air pollution is an issue now, so 4,200 extra houses & the additional vehicles will make this an even bigger issue.

Building on this Green Belt land cannot be justified when we are all supposed to be looking after our environment and reducing our carbon emissions, this development will do the opposite.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Removal of the SE Urban Extension of 4,200 new build houses completely from the plan, in order to protect the local environment and its current residents. Put in measures instead to improve the green belt, plant more trees, create more wildlife havens. This would improve life for everyone and make it sound.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
