PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

MD2 South East Warrington Urban Extension

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I would need to be a lawyer to pick my way through the legalities of the draft plan and even then I would imagine that it has been drawn up by lawyers to enable it to meet the statutory requirements. However I strongly challenge the honesty of this plan and therefore it's moral integrity. To properly engage with public opinion, the opportunity for people affected by the development should be open to non-legal biased opinion and a judgement made based upon hearts and minds. The dramatic turns in terms of the changes made over time suggests that The Plan will always adjust to a political agenda, rather than protect habitats and the wellbeing of the community. The identification of required infrastructure looks very much like lip service, when the current arrangements are in such a dilapidated state with no sign of maintenance or replacement, let alone improvements to facilitate growth. (Broomfields Leisure Centre being a prime example).

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

The modifications I suggest are to reconsider the use of any further greenbelt land for development as this is a crime against the environment and the population affected by such moves, and further evidence of a disregard for the ecological state of the country as well as the people who live in these areas. How is this supporting the world leaders in improving the future prospects of our Eco system.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

To qualify my views in a non-legal sense and ensure that legal interpretation of my concerns is validated by appropriately qualified persons.
