## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
<b>Legally Compliant</b>		
<b>Sound</b>		X
<b>Compliant with the Duty to Co-operate</b>		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

1. Infrastructure and traffic: the only new roads proposed just open up land for development. There are no plans indicated (and indeed explained during questions to your representatives in the consultation) about strategies to manage the hugely increased traffic across the two single track, weight limited bridges over the Bridgewater Canal. Nor sufficient details about roads within the propose development zones and the links to the current (insufficient) roads and transport networks. 2: Housing: releasing the Green Belt, in the quantities proposed, takes out of use prime agricultural land, needed more than ever as the population of both Warrington and the Country as a whole, increase, and may go against the spirit of the Agriculture Act 1947 to support the needs of the population post war. Further, all Green Field land should be developed prior to any further consideration of Green Belt release for this purpose. In particular, the site from the former 'Crossfields' works, which is currently up for sale in part, but, on questioning your representatives, they denied all knowledge of this land possibly being available.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

I feel the wording is more appropriately developed by agents of the Council. I would hope, however, that my comments above are taken into account when any revisions are made ie regarding clearer and more detailed transport proposals, including the Bridgewater Canal crossings and those of The Manchester Ship Canal, and the prior use of greenfield sites before Green Belt (farming land) for housing.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
