PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The Local Plan is not sound

The development proposals would have a catastrophic impact on Warrington's environment, it directly contradicts the Council's own Climate Emergency Plan. There will be a massive loss of biodiversity due to building on greenbelt. The character of villages and landscape will be destroyed as the green spaces that separate them are built on. Warrington already has poor air quality due to volume of cars and freight on the roads, the expansion of logistics centres along the motorway corridor will exacerbate this further. The plan will lead to an increase in reliance on the road network, this will add to the chronic congestion as the infrastructure is not fit for purpose and alternatives such as rail, light rail, cycling and walking have not been given priority.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

The Council needs to review the entire document in light of the global climate emergency and produce a green forward thinking plan.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
