From the drop down list please select one option.

GB1 Warrington's Green Belt

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

Legally Complaint. The green belt is protected and should remain as such. Where I feel legality has been breached is the over exaggeration of homes needed in the town therefore finding a loop hole to destroy the green belt.

I don't consider the plan to be sound. Refer to my comment above.

The only Duty to Co-operate is within the council and developers. WBC do not co-operate with the local populace and can and will do what WBC wants.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Remove any and all green belt development across the town. The need to build n greenbelt is completely unnecessary and the excuse to given is flawed. You are clearly going against the wishes of the populace for your own financial gain. Absolutely zero infrastructure is being built to support these developments. Just the promise of "we're looking at it" or "we might put something in." Not good enough. Your Garden superb in the South of Warrington will simply not work due to infrastructure alone. if accessing from the North, they will have to go under lumb brook bridge. Have you seen this during the day now? and you want to add thousands of cars to that area.

I however expect mine and many others residents views to be ignored as per WBC policy.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:
