Sections 10.2 and 10.6

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate		

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I don't consider the plan to be sound because;
There is no justification for the predicted growth and no need for the volume of housing/building
There is no justification for the green belt release
There is no need for the harm to air quality and ecology
There is no explanation of how the infrastructure/transport system of South Warrington will cope
There is no clarity on means of delivery

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

I think that the amount of housing that is actually needed would be better built on brown field sites. Particularly with the current issues with climate change building on green belt areas, which can never then be recovered, and increasing traffic where there are already problems and not enough crossings of the ship canal seems a very bad idea.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
