PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant	X	
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

I don't believe that the impact of increased traffic on the A49 has been fully considered. Specifically the impact of increased sound and decreased air quality. This will have a significant impact on the residents already living along this road. As the proposed housing is far away from the centre and there's no proposed industries in this area meaning people will have to travel for work and thereby increasing the issue.
With the reduced green belt space in this area this will further impact on this. Is there any proposals to balance the loss of ecodiversity and air quality?

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate.

Please be as precise as possible.

I am assuming that you have done this according to legal compliance even though it doesn't meet with the need to be more environmentally friendly in light of cop26

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

I think that the plan needs to be completely reassessed. Is there a need for the houses here? How will the increased traffic be dealt with? Is there a way to limit the loss of green belt land and maintain the ecodiversity.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

Yes, I wish to participate at the oral examination
