## PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
<b>Legally Compliant</b>	X	
<b>Sound</b>		X
<b>Compliant with the Duty to Co-operate</b>	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

Justification : there is no justification to use green belt land extensively and continuously in this area. I see no consideration of alternative brown belt options and find this constant battle of attempts to destroy our local land totally disrespectful  
Deliverable : whilst a developer might consider it deliverable, profits often drive this success. Is it deliverable from the point of view of delivering what local people want ? No!  
Meets the needs of the area : no, simply no. The roads are ridiculously busy throughout Appleton and surrounding areas. How can we consider making this worse?? The infrastructure simply can cope. It's impossible to get an appointment at the doctors and the schools are bursting at the seams. This is all in addition to the more fundamental point that these plans will destroy our beautiful countryside and as residents we must have a say on this

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate.

Please be as precise as possible.

We're being asked so that's a start!

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

These plans need to be scrapped! That is my suggestion on modification. We already have a significant number of new houses!  
Modification requirement : find an alternative brown field site!

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
