PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate?

From the drop down list please select one option.

Plan as a whole

2. What does your comment relate to? Please select one option.

None of the above

3. Do you consider the Draft Local Plan to be: Please select one option in each row.

	Yes	No
Legally Compliant	<input type="checkbox"/>	<input type="checkbox"/>
Sound	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Compliant with the Duty to Co-operate	<input type="checkbox"/>	<input type="checkbox"/>

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate.

Please be as precise as possible.

The Plan doesn't appear to adequately address how the infrastructure will be improved between South Warrington and Warrington Town Centre given the congestion we already have on our road network particularly on the A49 London Road, and the Chester Road and the issues with the ageing swing bridges.

Also if the Plan is designed to increase employment and economic growth, it's not clear how the new affordable housing is linked to employment areas or how public transport links will be improved to serve those areas. The more likely scenario is that we will see further increase in traffic congestion which contravenes the need to reduce pollution and improve air quality.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination).

You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text.

Please be as precise as possible.

Further clarification is required on the transport / infrastructure changes that would be introduced to reduce congestion and improve links with employment areas, and ensure we improve air quality.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
